Spanish — Conversational (B1) ●●●○○

PROFILE

Product engineer with 10 years of experience building web products people rely on every day. I sit between design and engineering: I turn fuzzy problems into well-scoped releases, care deeply about accessibility and performance, and help teams ship faster through shared tooling and design systems.

EXPERIENCE

Senior Product Engineer

Apr 2022 – Present

Lumen Health · Paris

- Lead a squad of 6 engineers shipping the clinician scheduling suite used by 2,400 clinics across France and Belgium.
- Drove the migration from a Rails monolith to a Next.js + tRPC front end, cutting p75 page load from 3.1 s to 1.2 s.
- Introduced a typed design system (React, Tailwind, Storybook) now shared by 4 product teams.

Product Engineer

Jan 2019 – Mar 2022

Qonto · Paris

- Built the expense-report flow end to end, from receipt OCR to accounting exports, adopted by 60k SMEs.
- Owned web performance budgets and CI checks; reduced JS shipped on the dashboard by 38%.
- Mentored 4 junior engineers, two of whom were promoted within a year.

Front-end Developer

Oct 2015 – Dec 2018

Atelier Nord · Lille

- Delivered 15+ web apps and design systems for clients in retail, media and the public sector.
- Set up the agency's front-end stack and accessibility audit process (RGAA / WCAG 2.1 AA).

EDUCATION

MSc Computer Science — Human-Computer Interaction — 2013 – 2015

Université Paris-Saclay · Paris

Thesis on latency perception in collaborative editors.

BSc Mathematics & Computer Science — 2010 – 2013

Université Claude Bernard Lyon 1 · Lyon

PROJECTS

formkit-a11y github.com/cdurand/formkit-a11y

Open-source library of accessible, headless form primitives for React. 3k stars on GitHub.

React · TypeScript · Vitest

Design systems that scale camilledurand.dev/talks/design-systems

Talk at React Paris 2025 on shipping a design system across four product teams without a rewrite.

CERTIFICATIONS

AWS Certified Solutions Architect – Associate Mar 2025

Amazon Web Services

Web Accessibility Specialist (WAS) Jun 2023

W3C / WAI
